

# ridgefield smooth

For a beautiful transition between traditional and sleek, modern styling, look no further than Ridgefield Smooth. With its smooth face and gently textured edges, and color ranges in taupes, greys and creamy natural blends, this 70mm (2.76") thick paver is a great complement to our more aggressively-textured Ridgefield Plus as it comes in the same stone sizes and packaging configuration. Choose from Textured Ridgefield Plus or Centurion for contrasting accents or banding to make your project a real stand-out.

Paver: Ridgefield Smooth, Champagne with Centurion, Onyx border
